

Provisional Programme

Capitalisation workshop and 5th Steering Committee

16 December, 2015, Athens, Greece

Context

LACTIMED aims to foster the production and distribution of typical and innovative dairy products in the Mediterranean by organising local value chains, supporting producers in their development projects and creating new markets for their products.

The project is implemented under the ENPI CBC MED Programme, and is financed, for an amount of EUR 4.35 million, by the European Union through the European Neighbourhood and Partnership Instrument.

From November 2012 to December 2015, ANIMA and its 11 partners will organise a hundred operations targeting the various stakeholders of the dairy chains of Alexandria and Beheira (Egypt), the Bekaa and Baalbek-Hermel (Lebanon), Bizerte and Beja (Tunisia), Sicily (Italy) and Thessaly (Greece).

Participants

The workshop will gather LACTIMED partners and associated as well as a 1 beneficiary or 1 expert maximum per pilot territory (to be jointly identified by local partners). All the participants will be actively involved in the workshop and in the process.

The Steering Committee will gather the project partners and associated only.

Objectives of the meetings

Capitalisation workshop

After 37 months, LACTIMED project will reach the end of its implementation period in December. The objective of the workshop is to jointly evaluate the project action and to conduct a reflection on the impact and lessons learnt. It will also be the opportunity to discuss about the network of dairy clusters.

Steering Committee

The meeting will be the opportunity for the whole partnership to address, discuss and vote on general issues related to project implementation and communication. It will also allow assessing the progress of the whole project and addressing the project sustainability and reporting.
